

# Church re-opening

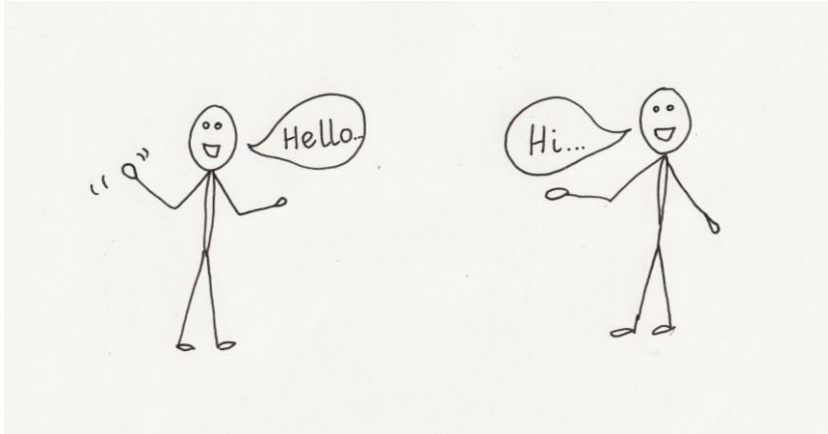

## Social story

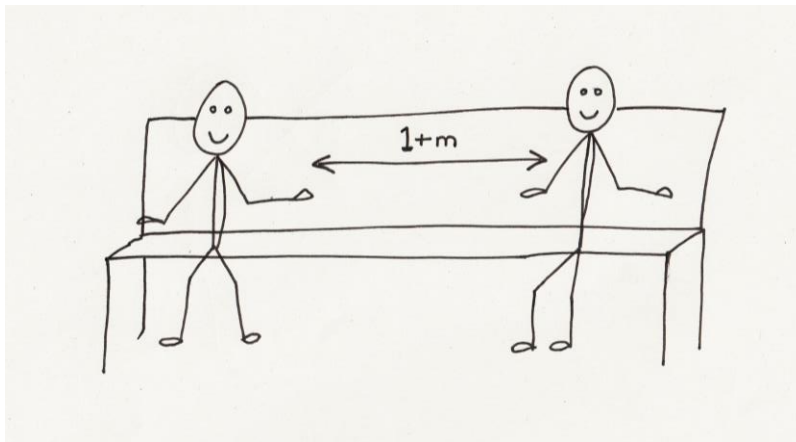

Church is opening again. It will feel different and I might feel worried.

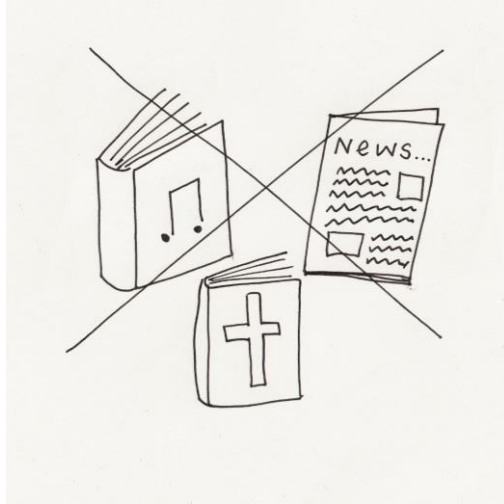

I can smile and wave at my friends  
and talk to them if I feel worried.

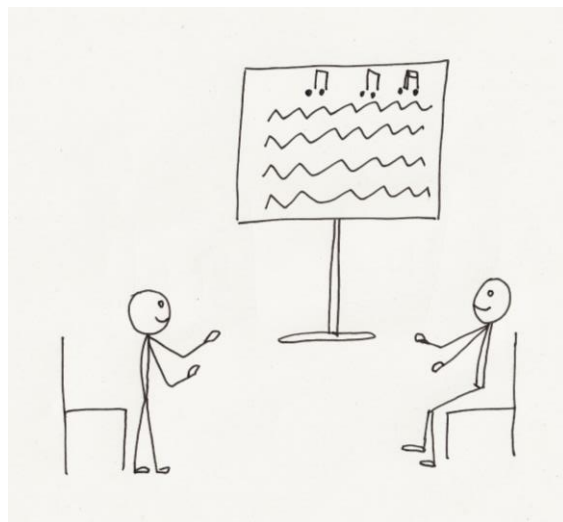

I will sit in a pew and I will keep away  
from friends who are not in my  
bubble.

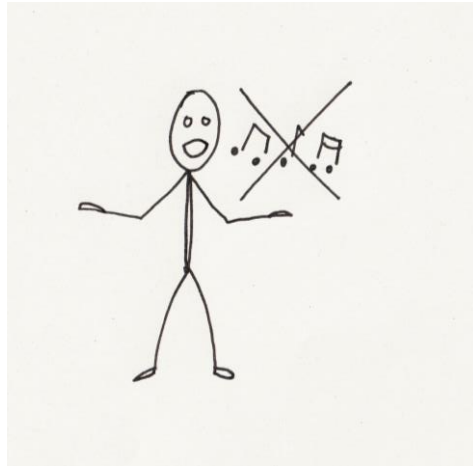

We will not have a Bible, hymn book or a notice sheet.

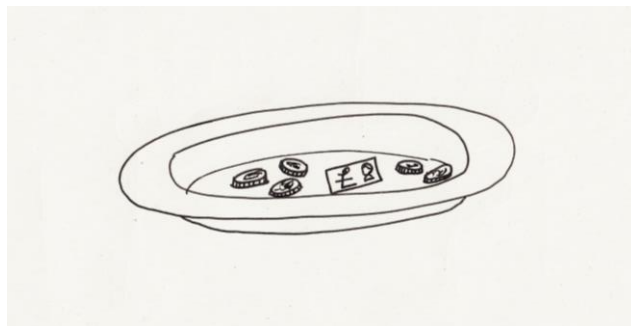

We can read the words on the screen.

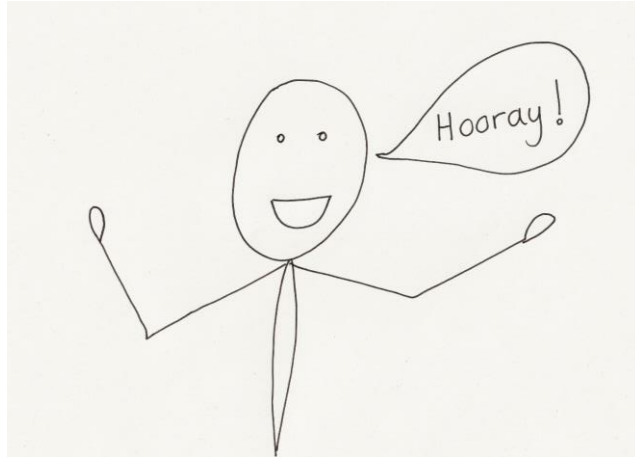

When the music plays we cannot sing along with the hymn, but we can enjoy listening to it.

There will not be an offertory. If I want to give money, at the end of the service I can put a donation into the plate by the door.

I can still go to church and when everyone is healthy again church will be the same as before.

Even though church is different at the moment, I can still worship God and meet my friends.
